**The brick manufacture is operated from October to April.
Earthbuilding products need to be ordered well in advance to allow enough time for production and drying.**

We operate on a first in first served basis.

CONDITIONS

- **SOLID EARTH LTD** adobe bricks are totally natural without the addition of cement and slight variations and imperfections are a desired feature of these bricks.
- Bricks supplied to the client have been tested to and comply with table 2.1, NZS 4298 Materials and Workmanship for Earth Buildings. Copies of test results can be supplied to the Owner if desired.
- It is our policy not to take any bricks back once they have been considered satisfactory and have left our premises.
- **SOLID EARTH LTD** accepts no responsibility for consequential damage arising through inappropriate use of the bricks, non-compliance with the NZ Building Code or NZ Standards by third parties.
